Adversarial Design – Maelstrom | Last.fm

Adversarial design fuses political issues with design techniques. Agonism (which promotes the positive types of conflict in society, such as debate) and difference of opinions are central to this type of design. In a democracy, healthy debate must be a constant component and adversarial design offers a fuel for this debate, by positing a provocative, mostly biased side of an argument. There ...

The task of adversarial design is to design things (goods, services, events, systems) that reveal the political qualities and implications of made world. and also offer new material conditions and experiences that enable divergent political affairs. The difficult aspect of adversarial design is that the work is never done.
