Angel Eyes: Releasing Fears and Following Your Soul Path At a very young age, Karen experienced seeing entities that had crossed over to the other side. She put away those gifts for many years because she wanted to be "normal." Then her spiritual experiences grew exponentially when she became a mother, lost her own mother, and then became divorced. After the death of Karen's mother, she became more interested in her gifts and wanted to contact her mother in the spiritual realm. She spoke to her mom through a medium, who also told her she was psychic. Karen was told she would use her gifts one day to heal others. Karen started to meditate and contact her own angels and guides. It was during these experiences that Karen came to know the spirit world through her own angel eyes and release the fears of not fitting in. Every time a fear was released through a specific healing modality, Karen became closer to finding her own soul path. She even had famous people show up in her medium readings such as Edgar Cayce and Archangel Metatron! These awe-inspiring visits made her realize she had an important job to do on earth! Each chapter deals with releasing a fear through a story, dream, or a mediumship reading. The author provides helpful advice for releasing these fears and improving your life.

Review Snippets "If you are looking for an extremely well written new story that is different from the norm, I can definitely recommend this book to you. I am anxiously waiting for the next book ...!" - Avonna, The Romance Reviews. "Peppered within the main story arc were lovely moments of tension and unexpected plot twists. This was a smooth read, with depth and development of a wide range of emotions. It is hopeful, romantic, gripping, and original. I loved it and look forward to see how it all develops in the rest of the series." - Kindle Customer "Schulz pens a grand mix of storytelling within Jake's Redemption. It's like fantasy meets cowboy meets romance. I enjoyed the premise of the story and how it played out. It is not always easy to blend genres, but Schulz does it remarkably. The hint of dystopian brings the Jake to Monica's doorstep, and things evolve from there. The story has a great deal of tormented souls and romance, and surviving the obstacles. Schulz certainly can write a good story. I look forward to reading more by this new author." - Amy, Amy's Bookshelf Reviews "Oh My! For a prequel, I didn't expect it to be so in depth and long! I actually expected it to be done in a couple hours, like a lot of other prequels. But WOW! It sucked me in and I was ready to read the next one! But have to wait. But I'm sure it'll be worth it!" - Rachel Menzies, Amazon UK Reviewer "While dystopian, post-apocalyptic stories are not my favored genre, I found this prequel engaging. It's more-including a western theme, a sweet romance, and a glimmer of hope in a dismal swamp of misery-something for everyone." - Colorado Avid Reader Review
